Portfolio Construction

This Fund may be appropriate for investors who will retire or will begin withdrawing portions of their investment in the Fund's target year- 2055. The Fund primarily invests in a combination of U.S. and non-U.S. stocks and bonds, REITs, and cash equivalents through mutual funds, commingled funds, exchange-traded funds, individual securities and money market vehicles. Under normal circumstances, this Fund's strategic asset class targets include: 13% (+/- 8%) Fixed Income, 45% (+/- 10%) U.S. Equity, 35% (+/- 9%) International Equity, 4% (+/- 2%) REITs, and 3% Cash Equivalents.

Investment Philosophy

The Retire Funds seek to balance capital growth and preservation by constructing diversified multiple asset class portfolios that are customized to correspond to an individual's estimated date of retirement. There are six target date funds in the Retire Funds series: Income, 2015, 2025, 2035, 2045, and 2055. Each target date fund's asset allocation is designed to become more conservative and automatically adjust over time as the estimated retirement date approaches. Segal Rogerscasey's goal is to help individual investors save for retirement through one fund that combines a sophisticated and forward-looking asset allocation approach with institutionally-oriented and best-in-class investment managers.
